

Curriculum Vitae

Hassan Shahrokhi

Child & Adolescent Psychiatrist
Tabriz University of Medical Sciences (TuoMS)

- **Personal information:**

Name	Family name	Date of birth	Place of birth	Place of residence	Marital status
Hassan	Shahrokhi	1965	Tehran	Tabriz	married

The address of workplace	Telephone number	E-mail
Department of psychiatry. Razi hospital– Elgoli road.	041-33806657	Shaahrokhi@yahoo.com
Comprehensive Autism Center of Tabriz University of Medical Sciences. Emam Khomeini Clinic– Golshahr.	09909991294	
Psychotherapy Clinic Emam Khomeini Clinic– Golshahr.	09909991294	

- **Educational History:**

Major	Degree	University	Year	Thesis	
				Title	Supervisor
Medicine	MD	Gazvin university of medical sciences	1990-1997	A survey in prevalence of cesarean sections in Rasoul-e Akram hospital of Sanandaj in 1996.	Dr. Aviz Rahimzadeh
Psychiatry	Specialty degree	Tabriz university of	2000-2003	A survey in agreement between the psychiatric residents of Tabriz Razi	Dr. Nosratollah Pourafkari

		medical sciences		hospital on examination of mental status and diagnosis of psychiatric patients.	
Child & Adolescent psychiatry	Subspecialty degree	Tehran university of medical sciences.	2007-2009	The comparison of executive functioning of the patients with conduct disorder with healthy individuals.	Dr. Mehdi Tehranidoost

- **Professional History:**

- Physician and director of rural health center: 1997-1999
- The director of family health unit of the province health Center: 1999-2000.
- Resident of Psychiatry: Tabriz University of Medical Science: 2000-2003
- Psychiatrist in Razi hospital of Tabriz: 2003-2007.
- Psychiatrist in Bagherol- olom hospital of Ahar: 2003-2007.
- Private psychiatry office in Ahar: 2005-2007.
- Fellow in Child and adolescent psychiatry: Roozbeh hospital of Tehran: 2007-2009.
- Spending Legal Obligation for free Education in Child & Adolescent psychiatry, Tabriz University of medical sciences: 2009-2013.
- Member of the scientific committee for the primary prevention of addiction: 2010.
- Child and adolescent psychiatric clinic of Razi hospital: from 2009 up to now.
- Private office , child and adolescent psychiatry: 2010-2011
- The member of board of trustees of Tabriz Autism Center: from 2009-2013.
- Child and adolescent psychiatric clinic of Tabriz children hospital: from 2009-2013.
- The secretary of Iranian psychiatric association – branch of East Azerbaijan: from 2010-2016.
- The founder and technical director of Hamrah child & Adolescent neuropsychiatric clinic: from 2012-2014.
- Member of Comprehensive Development Center of Tabriz University of Medical Sciences- 2014 up to now.
- Private office , child and adolescent psychiatry: 2014-2017
- Head of Comprehensive Autism Center of TUoMS- 2016 up to now
- The director of education and research office of autism center: from 2013 up to now.
- Assistant professor of psychiatry, Tabriz University of medical sciences: 2016 up to now.

- Head of Child & Adolescent Community Psychiatry Programme of TUoMS: 2016 up to now.
- Member of scientific board 35nd Annual Congress of Iranian Psychiatric Association -2018
- Member of Committee for promotion of Psychiatry Education 2018 up to now.
- Member of scientific board of short-term course on children development- TUoMS- 2018.
- Member of scientific board of Congress of Family Autism and Associated challenges- Alameh Tabatabaie University- Tehran- 2019.
- Head of Psychotherapy Clinic of TUoMS- 2019 up to now.
- Member of scientific board 36nd Annual Congress of Iranian Psychiatric Association -2019
- Member of scientific board of 9th Annual Congress of Child & Adolescent Psychiatry -2019
-

- **Organizing and Establishment of innovative processes:**

- Establishment of a Registry program For Autism Spectrum Disorders
- Establishment of Autism Center of TUoMS
- Establishment of a program for Child Abuse management
- Establishment of and guidance of Family Therapy program in Razi Hospital
- Cooperation in establishment and conduction of short-term course on children development- TUoMS
- Establishment of a Multidisciplinary Clinic in Razi Hospital
- Establishment of a program for prevention and management of bullying in schools
- Establishment of Clinic of Trauma in Razi Hospital

- **Attending in course and workshops:**

Title of workshop or course:	Organizer institution:
Research method.	Tabriz university of medical sciences.
Qualitative researches method in medical sciences.	Tabriz university of medical sciences.
Practical training course of electroencephalography.	Dr. Davoud Moazzami – Razi hospital of Tehran
Harm reduction and healthy behavior in AIDS and hepatitis.	Tabriz university of medical sciences.
Psychosocial interventions in crisis and disasters.	Tabriz university of medical sciences.

Neuromodulation	National center of addiction studies.
Introduction to Hypnosis	Iranian Society of Clinical Hypnosis
Introduction to EEG Biofeedback (Neurofeedback)	Iranian psychiatric association – branch of Azerbaijan
Biobanking and Disease Registry	Tabriz university of medical sciences & UMCG of Netherlands
Searching in Electronic Recourses	Tabriz university of medical sciences
Scientometrics	Tabriz university of medical sciences
Research method.	Tabriz university of medical sciences
Ethics in the Publishing of Research works.	Tabriz university of medical sciences
Disease Registry	Tabriz university of medical sciences
Knowledge Translation	Tabriz university of medical sciences
Statistical analysis of research data	Tabriz university of medical sciences
Critique and Peer-Review of scientific papers	Tabriz university of medical sciences
Scientific writing and process of communication with international universities and institutes	Tabriz university of medical sciences
Grant writing and answer to comment of reviewer	Tabriz university of medical sciences
Effective continuing education with emphasis to principles of adult education	Tabriz university of medical sciences
Designing and psychometrics of questionnaires in educational researches	Tabriz university of medical sciences
Short- term course on Medical & Professional Ethics	Tabriz university of medical sciences
Overview of ethical issues of research and publications	Tabriz university of medical sciences
Ethical issues in clinical trials	Tabriz university of medical sciences
Ethical issues in laboratory researches	Tabriz university of medical sciences
Essentials of systematic review studies and search of electronic resources	Tabriz university of medical sciences

- **Presented lessons:**

Subject	Target group
Practical training of clinical interview.	Psychiatric residents.
Practical training and monitoring of the performance.	Psychiatric residents.
Child and adolescent psychiatry (autism,	Interns and externs of medicine.

mental retardation, ADHD)	
Suicide	Interns and externs of medicine.
Psychiatric emergencies.	Interns and externs of medicine.
Child and adolescent mental health.	MSC students of psychology.
psychology of Learning	BSC students of speech & language therapy.
Introduction to child psychiatry.	BSC students of occupation therapy.
Communication disorders	BSC students of speech & language therapy.
Child and adolescent psychiatry.	BSC students of speech & language therapy.
Family therapy in the patients with bipolar disorder.	Psychiatric residents.
Psychiatric interventions in crisis and disasters.	Interns of medicine.
Family Therapy (Theory & Practice)	Psychiatric residents.
Psychiatry and Everyday experiences	Psychiatric residents.
Child Abuse	The participants in short-term course on children development- TUoMS- 2018
Attachment	The participants in short-term course on children development- TUoMS- 2018

- **As the workshop teacher in the following workshops:**

Title of workshop	Target population	Organizer institution
Maintenance treatment of opioid dependence with agonists medications	License applicants for methadone clinics (physicians, psychologists and ...)	Treatment deputy of Tabriz university of medical sciences.
Prevention of suicide	Physicians, psychologists and experts of health centers.	Health center of East Azerbaijan
Child abuse	Physicians, psychologists and	Health center of East

	experts of health centers.	Azerbaijan
Dealing with the problems of adolescence.	Physicians, psychologists and experts of health centers.	Health center of East Azerbaijan
Monitoring the psychiatric disorders in high risk infants.	Pediatricians (a part of national design of infants monitoring)	Ministry of health and medical education
Child & Adolescent Psychiatric emergencies	Physicians, psychologists and experts of health centers.	Health deputy of Tabriz university of medical sciences.
International workshop on Child Developmental Surveillance	The participants in 3th international child neurology congress.	3th international child neurology congress
Motivational Interviewing	License applicants for methadone clinics (physicians, psychologists and ...)	Iranian psychiatric association- East Azerbaijan Branch
Prevention of restraint	The participants in Workshop on Restraint in psychiatric patients.	Iranian psychiatric association- East Azerbaijan Branch
A guide for restraint cessation and necessary activities afterward	The participants in Workshop on Restraint in psychiatric patients.	Iranian psychiatric association- East Azerbaijan Branch
A nonsystematic review of literatures on community psychiatry	The participants in 36 nd annual congress of Iranian Psychiatric Association	Iranian psychiatric association
Review of a survey about ethics education	The participants in 36 nd annual congress of Iranian Psychiatric Association	Iranian psychiatric association
Child Abuse	The participants in short-term course on children development- TUoMS	Tabriz University of Medical Science
Attachment	The participants in short-term course on children	Tabriz University of Medical

	development- TUoMs	Science
Anxiety Disorders & Mood disorders in children	The participants in short-term course on children development- TUoMs	Tabriz University of Medical Science
Communication with children and his/her caregivers	The participants in short-term course on children development- TUoMs	Tabriz University of Medical Science

• **As organizer of workshops and seminars:**

Title of workshop	Target population	Organizer institution	Year
Clinical interview	Physicians, psychiatric residents, nurses, psychologists.	Iranian psychiatric association- East Azerbaijan Branch.	
The workshop of psychosocial interventions in crisis and disasters.	Physicians, psychiatric residents, nurses, psychologists	Tabriz university of medical sciences	.
Training and improving the empathy through play.	The participants in international congress of child and adolescent psychiatry.	Iranian Academy Of Child and Adolescent Psychiatry.	2013
Social skill training for school-aged children with Autism Spectrum Disorder	The participants in international congress of child and adolescent psychiatry.	Iranian Academy Of Child and Adolescent Psychiatry.	2015
Child & Adolescent psychiatric disorders	Psychologists	Kerman Psychological and Counseling Organization.	2017
Autism screening	Physicians, psychologists and experts of health centers.	Health deputy of Tabriz university of medical sciences.	2018
Designing and implementing antibullying program in school	Counselors and experts of department of education	Department of psychiatry- TUoMS	2018
Trauma-focused play therapy	Psychologists	Kerman Psychological and Counseling Organization	2018

Ethical challenges to decision making in psychiatry	The participants in 35 nd annual congress of Iranian Psychiatric Association.	Iranian Psychiatric Association	2018
Autism (Compiled program of retraining)	Physicians, psychiatric residents, nurses, psychologists, occupation therapists, speech & language therapists	Department of psychiatry-TUoMS	2018
Social skill training for school-aged children with Autism Spectrum Disorder	Physicians, psychiatric residents, nurses, psychologists, occupation therapists, speech & language therapists	Department of psychiatry-TUoMS	2018
Communicating with and assessment of families	Psychiatric residents, Academic members	Department of psychiatry-TUoMS	2018
Crisis intervention	Psychiatric residents	Department of psychiatry-TUoMS	2019
Motivational Interview	Psychiatric residents	Department of psychiatry-TUoMS	2019
Trauma-Focused play therapy	Psychiatrists, nurses, psychologists, occupation therapists, speech & language therapists	Department of psychiatry-TUoMS	2019
Restraint in psychiatric patients – Workshop	Psychiatry residents, nurses, psychologists.	Department of psychiatry-TUoMS	2019
Designing a protocol for ethics education to psychiatry residents - Workshop	The participants in 36 nd annual congress of Iranian Psychiatric Association	Iranian psychiatric association	2019
Child abuse- (Compiled program of retraining)	Physicians, nurses, psychologists, occupation therapists, speech & language therapists	Iranian psychiatric association- East Azerbaijan Branch.	2019
Community-centered interventions for psychiatric problems of adolescents	The participants in 9 th annual congress of child & Adolescent psyvhiatry.	Iranian Academy Of Child and Adolescent Psychiatry.	2019

- **Supervisor of thesis:**

- Evaluating the Psychometric Features of the screening tool for Autism: Modified checklist for Autism in Toddlers-Revised- Solmaz Gharaaghaji (Student of general medicine).
- Initial Design and Psychometric analysis of Native Child Abuse Questionnaire in 3-6 Years Children in Primary Health Care – Elham Mohammadi (Student of general medicine).
- Development, implementation and evaluation of a caregiver's empowerment portal for caregivers of people with autism – Roholah Khara (PHD candidate of Health Information Management).
- Designing and psychometric analysis of a Comprehensive Functional Assessment Instrument for 2 to 5 Years Old children With Autism Spectrum Disorder – Leyla Esmailzadeh (Resident of Psychiatry)

- **Advisor of thesis:**

- Evaluation of mood, cognitive performance and appetite of women with Premenstrual Dysphonic Disorder in luteal phase - Dr. Zahra Khademi (Psychiatric resident)
- The comparative study of quantitative electroencephalography indexes in ADHD children and normal children – Dr. Mahmud Nasiri (psychiatric resident).
- The comparative study of executive functioning, theory of mind and diagnosing facial emotional expressions in children with autism spectrum and normal children – Leila Mehdizadeh Fanid (PHD student of neurosciences)
- The study of effect of parent management training in improvement of executive functioning in children with ADHD – Sepideh Omidbakhsh (Student of general medicine).
- The evaluation of verbal memory in women with polycystic ovarian syndrome (PCOS) – Azar Heidarzadeh (Student of general medicine).
- The evaluation of spatial memory in women with polycystic ovarian syndrome (PCOS) – Farzad Moazzeni (Student of general medicine).
- The effect of the arousal rate of computer games on arousal level in children with ADHD – Maryam Taghavi-e Jelodar (MSC student of child and adolescent clinical psychology).

- The comparison of effectiveness of behavioral cognitive play therapy, drug therapy and play – drug therapy on reduction of clinical symptoms of anxiety disorders. Nazila Broomand (MSC student of child and adolescent clinical psychology).
- Assessment of resilience score in parents of children and adolescents with autism spectrum disorder. Ali Ahadi (Student of general medicine).
- Mother's parenting style and its relation with emotional-behavioral problems in autistic children reoffered to autism center of Tabriz University of medical science, 2018. Parisa Abbasi Abrighi (Student of Nursing)

- **Research projects (Completed):**

- The comparative study of quantitative electroencephalography indexes in ADHD children and normal children. (**Hassan Shahrokhi**, Ayyoob Malek, Mahmoud Nasiri, Shahrokh Amiri).
- The comparative study of executive functioning, theory of mind and diagnosing the facial emotional expressions in children with autism spectrum and normal children. (**Hassan Shahrokhi**, Majid Mahmoud Aliloo, Leila Mehdizadeh Fanid, Tooraj Hashemi, Shahrokh Amiri, Neda Yadegari, Farzin Haghnazari).
- The comparison of executive functioning of the patients with conduct disorder with healthy individuals.(**Hassan Shahrokhi**, Mehdi Tehranidoost, Zahra Shahrivar, Gazaleh Zargarinezhad, Hamed Ekhtiyari).
- The evaluation of cerebral cortical perfusion during theory of mind tasks in children with autism spectrum. (**Hassan Shahrokhi**, Majid Mahmoud Aliloo, Leila Mehdizadeh Fanid, Tooraj Hashemi, Shahrokh Amiri).
- The relation between single nucleotide polymorphism of intron 59 (rs736707) and the number of CGG repeats in the 5-VTR area of Reelin gene and the risk of autism spectrum abnormality. (**Hassan Shahrokhi**, Leila Mehdizadeh Fanid, Mohammad Ali Hosseinpour Feyzi, Morteza Jabbarpour Bonyadi, Mina Adampour Zare, Sara Farhang.)
- The study of epidemiology of psychiatric disorders of Iranian children and adolescents in Tabriz city.(Ayyoub Malek, Shahrokh Amiri, **Hassan Shahrokhi**, Alireza Shafiee)

- The comparative survey of drug therapy and method of self – monitoring in children with Attention Deficit – Hyperactivity Disorder. (Mahmoud Mirnasab, Ayyoub Malek, Shahrokh Amiri, **Hassan Shahrokhi**, Gholamreza Noorazar).
- Determining the phase assessment pattern of lessons evaluation based on lesson difficulty, replier's mentalities and ability of understanding of the lessons (Abdolrasol Safaian, **Hassan Shahrokhi**, Abolghasm Amini).
- Determining the frequency of the fragile x syndrome in children with autism. (Mahmoud Shekari Khiyabani, Sima Mansouri Derakhshan, Mohammad Barzegar, Shahrokh Amiri, **Hassan Shahrokhi**, Ayoub Malek, Shahabeddin Taraggi).
- The effect of the arousal rate of computer games on arousal level of the children with ADHD (Hamid Poursharifi, Mohammad Ali Nazari, **Hassan Shahrokhi** and Maryam Taghavi).
- The survey of the effect of structural short – term play therapy on controlling the symptoms of Attention Deficit- Hyperactivity Disorder in aged 6 children. (Shahrokh Amiri, **Hassan Shahrokhi**).
- The evaluation of verbal memory in women with polycystic ovarian syndrome (PCOS), (Fateme Ranjbar, **Hassan Shahrokhi**, Manizheh Sayyahmelli, Azar Heidarzadeh).
- The evaluation of spatial memory in women with polycystic ovarian syndrome. (Fateme Ranjbar, **Hassan Shahrokhi**, Manizheh Sayyahmelli, Farzad Moazzeni).
- Evaluation of mood, cognitive performance and appetite of women with Premenstrual Dysphoric Disorder in luteal and follicular phase. (Fateme Ranjbar, **Hassan Shahrokhi**, Parichehr Ahmadi, Zahra Khademi, Saghafi, Amineh Alizadeh).
- The effect of valproic acid-induced experimental model of autism using different breed of mice (Autism Animal Model). (Leila Mehdizadeh Fanid, Javad Mahmoudi, **Hassan Shahrokhi**).

- **Research projects (In process):**

- Evaluation of neuropsychiatric indicators in patients admitted to Imam Reza Hospital with brain tumors (as a co-worker)

- Establishment and evaluation of provincial Autism Spectrum Disorder registry in East Azerbaijan (as project executor).
- Implementation of a screening program for Autism Spectrum Disorder in East Azerbaijan province (as project executor).
- Designing, implementation and assessment of a native model for preventing child abuse (as project executor).
- Designing, pilot implementation and assessment of a native model for Biobanking for Autism Spectrum Disorders (as project executor).
- Relationship between social determinant of health of children with autism spectrum disorder, access to services and quality of services. (As a co-worker)
- Development of Parent Training Package for children with Autism Spectrum Disorders (ASD) based on the Action Research(as a co-worker)
- Designing and Feasibility Study of the Violence Injury Registration Program in East-Azerbaijan province (as a co-worker)
- Identifying the Expectations and Experiences of Service Providers and Recipients in the Field of Services Provision to Children with Autism Spectrum Disorder in Tabriz(as a co-worker)
- Translation and validity and reliability of Fax Pass Recognition Test (adult version) in Turkish (as a co-worker)
- Development, implementation and evaluation of a caregivers empowerment portal for caregivers of people with autism (as project executor)
- Designing the health care provision's structure for children and adolescents with autism spectrum disorder in Iran(as a co-worker)
- Developing a tool to assess technical quality of delivered care for children with autism spectrum disorder in Iran (as a co-worker)
- Designing the National Minimum Data Set of Autism Spectrum screening Information System (as a co-worker)

- **Books:**

- TRIAD SOCIAL SKILLS ASSESSMENT (Assessing Children with Autism Spectrum Disorders)- Translation to Farsi (**Hassan Shahrokhi**, Leila Mehdizadeh Fanid)

- **Articles in national and international journals:**

- A research about the agreement of psychiatric residents in the field of diagnosis of axis I disorders based on DSM-IV. **Hassan Shahrokhi**, Nosratollah Pourafkari, Abdolrasoul Safaeian. (Medical journal of Urmia, Volume 15, issue 1, 2004).
- The agreement rate of psychiatric residents in diagnosis of axis IV of psychiatry based in the classification of DSM-IV. **Hassan Shahrokhi**, Nosratollah Porafkari, Abdolrasoul Safaeian. (Scientific Journal of Hamadan University of Medical Sciences, Volume 11, issue 2, 2004).
- A Study on the agreement rate in diagnosis of DSM-IV axis III between psychiatric. **Hassan Shahrokhi**, Nosratollah Pourafkari, Abdolrasoul Safaeian (Medical Journal of Tabriz University of Medical Sciences, Volume 38, issue 63, 2004).
- Characteristics of a group of Iranian adolescents with first episode psychosis. Z Shahrivar, J Alaghband-rad, J Mahmoudi-gharaei, A Seddigh, N Salesian, M Jalali-roudsari, M Ghanbari-motlagh, M Mousavi, F Mohareri, **Hassan Shahrokhi**, F Razmju, Z Moamen (Early Intervention in Psychiatry, vol:2 - 2008).
- Integrated vs usual treatment model in first episode—Psychosis among Iranian adolescents. J Alaghband-rad, Z Shahrivar, J Mahmoudi-gharaei, V Sharif, H Amini, Y Mottaghipour, M Jalali Roudsari, M Motlagh, F Moharari, F Mousavi, **Hassan Shahrokhi**, A Seddigh, N Salesian, F Razmju (Early Intervention in Psychiatry, vol:2 - 2008).
- Eating disorders and correlates among high school girls in Tabriz, Iran. Bahram Pourghasem Gargari, D Kooshavar, NS Sajjadi, S Karami, MH Behzad, **Hassan Shahrokhi** (Archives of Disease in Childhood, vol:93, suppl 2- 2008).
- The risk of eating disorders in high school girls of Tabriz in 2007. Dr. Bahram Pourghasem Gargari, Deniz Kooshavar, Neda Seyyed Sajjadi, Safoura Karami, **Hassan Shahrokhi** (medical journal of Tabriz university of medical sciences , Volume 30, issue 4, 2008).
- Reliability and Validity of Abridged Version of the Farsi Version of Scale to Assess Unawareness of Mental Disorders (SUMD) in Psychotic Mania. Amir Mokhtarzadeh, Seyyed Mohammad Ali Ghoreyshizadeh, Mohammad Zakaria

Pezeshki, Fatemeh Ranjbar koochaksaraee, Roya Mohammadi, Ahmad Mousavi, Mohammad Nadi Sakhvidi, **Hassan Shahrokhi**, Nosratollah Pourafkari, Ayyoub Malek. (The journal of clinical psychiatry and psychology of Iran, Volume 16, issue 3, 2010).

- Integrated standard program in comparison to the usual treatment in adolescents with first episode psychosis: A randomized clinical trial. Zahra Shahrivar, Javad Alaghband-rad, Javad Mahmoudi-gharaei, Vandad Sharifi, Homayoun Amini, Mohsen Jalali Roudsari, Fatemeh Moharari, Fatemeh Mousavi, **Hassan Shahrokhi**, Arshia Seddigh, Niloofar Salesian, Yasaman Mottaghipour, Payam Sobhebidari, Nastaran Habibi, Elnaz Moghadasi (Early Intervention in Psychiatry, vol 4 , 2010).
- Disordered eating attitudes and their correlates among Iranian high school girls. Bahram Pourghasem Gargari, Deniz Kooshavar, Neda Seyed Sajjadi, Safoura Safoura, Mahdiyeh Hamed Behzad, **Hassan Shahrokhi** (Health promotion perspectives, vol 1, Issue 1, 2011).
- Attentional capacities of children with autism spectrum disorder. **Hassan Shahrokhi**, M Mahmoud Aliloo, L Mehdizadeh Fanid, S Amiri Azizabaad, N Yadegari (Neuropsychiatrie de l'enfance ET de l'adolescence, vol 60, Issue 5, 2012).
- Intelligence in autistic children. **Hassan Shahrokhi**, M Mahmoud Aliloo, L Mehdizadeh Fanid, S Amiri Azizabaad, N Yadegari (Neuropsychiatrie de l'enfance ET de l'adolescence, vol 60, Issue 5, 2012).
- Sequences of mind development in boys with autism spectrum disorder. Dr. Abbas Bakhshipour, Dr. Majid Mahmoud Aliloo, **Dr. Hassan Shahrokhi**, Dr. Toraj Hashemi, Dr. Shahrokh Amiri, Dr. Leila Mehdizadeh Fanid, Neda Yadegari, Farzin Haghazari (ISRN neurology, Volume 2012).
- Attentional Performance in Boys with Autism Spectrum Disorder. **Dr. Hassan Shahrokhi**, Dr. Leila Mehdizadeh Fanid, Dr. Majid Mahmoud Aliloo, Dr. Abbas Bakhshipour, Dr. Toraj Hashemi, Neda Yadegari, Dr. Shahrokh Amiri (International journal of psychology , Volume 7, issue 1, 2013).
- Validity and reliability of the Persian version of Conner's adult ADHD rating scales: observer and self-report screening versions. Homayoun Sadeghi-Bazargani, Shahrokh Amiri, Samad Hamraz, Ayyoub Malek, Salman Abdi, **Hassan Shahrokhi** (Journal of Clinical Research & Governance, Volume 3, issue 1, 2014).

- Association between Common Single-nucleotide Polymorphism of Reelin Gene, rs736707 (C/T) with Autism Spectrum Disorder in Iranian-Azeri Patients. Leila Mehdizadeh Fanid, **Hassan Shahrokhi**, Mina Adampourezare, Mohamad Ali Hosseinpour Feizi, Morteza Bonyadi, A Eslami (International Journal of Pediatrics, Volume 3, issue 6.1, 2015).
- Coherence abnormality of Temporal and Frontal areas in children with ADHD-combined type. Amir Hossein Ghaderi, Mohammad Ali Nazari, **Hassan Shahrokhi**, Alireza Shafiee Kandjani (Applied Psychological Research Quarterly, Volume 6, issue 4, 2015).
- Comparison of Quantitative Electroencephalography (Q-EEG) Indices in Children with Attention Deficit- Hyperactivity Disorder and Healthy Children. A Malek, **Hassan Shahrokhi**, Amiri S, Ayromlou H, A Safaian, M Nasiri (Austin Child & Adolescent Psychiatry, Volume 1, issue 1, 2016).
- An Association Analysis of Reelin Gene (RELN) Exon 22 (G/C), Rs. 362691, Polymorphism with Autism Spectrum Disorder among Iranian-Azeri Population. Leila Mehdizadeh Fanid, Mohammad Ali Hosseinpour Feizi, Mina Adampour Zare, **Hassan Shahrokhi** (International Journal of Pediatrics, Volume 4, issue 7, 2016).
- Insight in Inpatients with Psychotic Mania; Demographic and Clinical Factors. Amir Mokhtarzadeh, Sara Farhang, Fatemeh Ranjbar, Hassan Shahrokhi, Shahrokh Amiri (Managerial Epidemiology & Public Health, Volume 1, issue 1, 2016).
- Deficits of Executive Functioning in Conduct Disorder and Attention Deficit/Hyperactivity Disorder. **Hassan Shahrokhi**, Mehdi Tehrani-Doost, Zahra Shahrivar, Sara Farhang, Shahrokh Amiri (Ann Psychiatry Treatm, Volume 2, issue 1, 2017).
- Facial emotion recognition deficit in two groups of children with ADHD- with and without conduct disorder- compared with normal children. Mohammad Ali Nazari, Soroush Nasri, Iraj Goodarzi, **Hassan Shahrokhi** (Advances in Cognitive Science, Volume 18, issue 4, 2017).
- Effect of Parent Management Training on Attention, Response Prevention, Impulsivity and Vigilance of Boys with Attention Deficient/Hyperactive Disorder. Ali Reza Shafiee-Kandjani, Gholamreza Noorazar, **Hassan Shahrokhi**, Mohammad Ali Nazari, Sara Farhang (Iranian Journal of Psychiatry and Behavioral Sciences, Volume 11, issue 3, 2017).

- Verbal Fluency is related to Theory of Mind: Comparison in Control Children and with Autism Spectrum Disorder. Leila Mehdizadeh Fanid, **Hassan Shahrokhi**, Shahrokh Amiri (International Neuropsychiatric Disease Journal, Volume 9, issue 3, 2017).
- The effects of computer games with high (Call of Duty) and low (Angry Birds) stimulating rate on the biological arousal levels in boys. Maryam Taghavi Jelodar, Hamid Poursharifi, Mohammad Ali Nazari , **Hassan Shahrokhi** (Journal of Research in Psychological Health, Volume 11, issue 1, 2017).
- Functional Brain Connectivity Differences Between Different ADHD Presentations: Impaired Functional Segregation in ADHD-Combined Presentation but not in ADHD-Inattentive Presentation. Amir Hossein Ghaderi, Mohammad Ali Nazari, **Hassan Shahrokhi**, Amir Hossein Darooneh (Basic and clinical neuroscience, Volume 8, issue 4, 2017).
- Risk-taking and behavioral inhibition interaction in ADHD- with and without conduct disorder- compared with control children. Soroush Nasri, Mohammad Ali Nazari, Ehsan Maiqani, **Hassan Shahrokhi**, Iraj Goodarzi (Shenakht Journal of Psychology and Psychiatry Vol. 5/ No. 4/ 2018 Page: 63-77).
- Association of two common single nucleotide polymorphisms of Reelin gene, Intron 59 (C/T) and exon 22 (C/G), with autism spectrum disorder in a Population Sample of Children of Iranian- Azeri. Leila Mehdizadeh Fanid, Mina Adampour Zare, **Hassan Shahrokhi** (Journal of Cellular and Molecular Researches (Iranian Journal of Biology) Vol. 31/ No. 4/ 2018)
- Maternal parenting styles and its relationship with emotional-behavioral problems in children with autism spectrum disorder referred to the autism center of Tabriz university of medical sciences. Mina Hosseinzadeh, Parisa Abbasi, **Hasan Shahrokhi**, Nader Mahdavi, Shirin Barzanjeh Atri (Journal of Torbat Heydariyeh University of Medical Sciences 2020, Volume 7, No. 4: 11-22.)
- Virtual social networks and mental health intervention for medical staff during the COVID-19 outbreak in the Islamic Republic of Iran (Commentary). Maryam Zaare Nahandi, **Hassan Shahrokhi**, Sara Farhang and Mohammad Hossein Somi (EMHJ – Vol. 26 No. 5 – 2020)

- **Presented articles in national and international conferences:**

- Neonatal Development –**Hassan Shahrokhi** (3th National Congress of Neonatal Health and perinatology - Zanjan, Iran 2010).
- Brain circuits involved in Pediatric Bipolar Disorder - **Hassan Shahrokhi** (3th international congress of child & adolescent psychiatry – Tehran, Iran 2010).
- Prevention of substance abuse in adolescents – a critical view to different preventive approaches – **Dr. Hassan Shahrokhi** (scientific congress of primary prevention of addiction – Tabriz, Iran 2010).
- The characteristics of anxiety disorders in children and adolescents – **Dr. Hassan Shahrokhi** (The first educational congress of medical society of northwest of country – Tabriz, Iran 2010).
- The comparative study of quantitative electroencephalography in children with Attention Deficit- Hyperactivity Disorder and normal children –**Hassan Shahrokhi**, Ayyoub Malek, Mahmoud Nasiri, Mohammad Ali Nazari, Hormoz Ayromlou, Abdolrasoul Safaeian, Shahrokh Amiri (4th international congress of child and adolescent psychiatry – Mashhad, Iran 2011).
- Executive functioning in imprisoned adolescents with simultaneous conduct disorder and ADHD –**Hassan Shahrokhi**, Mehdi Tehranidoost, Zahra Shahrivar, Hamed Ekhtiyari (4th international congress of child and adolescent psychiatry – Mashhad, Iran 2011).
- Effectiveness of psychosocial supportive interventions in increasing the mental health of the people stricken by earthquake in Varzeghan County. **Dr. Hassan Shahrokhi** (The national congress of pathology and planning of the effects of earthquake of 21 Mordad in East Azerbaijan – Tabriz, Iran 2011).
- Profile of ADHD children with borderline intellectual functioning on the Wechsler Intelligence Scale for Children- Fourth Edition- (WISC-IV) - A preliminary study - **Hassan Shahrokhi** , Ali Bahari Garegoz (5th International Congress of Child & Adolescent Psychiatry- Tehran, Iran 2012).
- The Study of Short- term Structured Play Therapy on Controlling ADHD Symptoms of Six Year Old Children - Atefeh Behravesh, Naeimeh Moheb, Shahrokh Amiri, **Hassan Shahrokhi** (5th International Congress of Child & Adolescent Psychiatry - Tehran, Iran 2012).
- Evaluation of Semantic and Phonemic Fluency in Children with Autism Spectrum Disorder and its Relation to verbal intelligence–**Hassan Shahrokhi**, Leila Mehdizadeh Fanid, Neda Yadegari (5th international congress of child and adolescent psychiatry – Tehran, Iran 2012).
- Empathy in Children: phenomenology and development. **Hassan Shahrokhi** (5th international congress of child and adolescent psychiatry – Tehran, Iran 2012).

- Executive functioning in adolescent with conduct disorder and ADHD –Sara Farhang, **Hassan Shahrokhi**, Mehdi Tehranidoost, Zahra Shahrivar – (WPA international congress Prague, Czech 2012).
- Attentional capacities in children with autism spectrum disorders –**Hassan Shahrokhi**, Leila Mehdizadeh Fanid, Majid Mahmoud Aliloo, Neda Yadegari. (5th international congress of child and adolescent psychiatry – Tehran, Iran 2012).
